So if you think about it, it is really not that hard to choose a cute name for your girlfriend. There are really several categories out there you can take your pick from. The only thing you have to do really is to determine which would best describe your girlfriend and how much you adore her.

The childhood theme name, like teddy bear, is the first category. Childhood inspires innocence and fun, so this is a particularly good place to start. Toys, cartoon characters you used to watch and other childhood fun stuff are where you can find such cute names. Then there is your memorable times category. Now this is easy because you will simply have to remember a particularly lovely time together and take inspiration from there. For instance, you can choose to call her bumble bee if you went to the park and she kept looking and touching the flowers. Another good source of inspiration and the most commonly used ones is food.

You can choose from fruits, like strawberry or you can choose from sweets, such as cupcake. She will surely appreciate it that you think of her as something as cute and sweet as the fruits and sweets you use. But make sure not to call her anything that is connected to heavy meal, like pork chop. She will think that you see her as fat and she will surely not see that as cute. Another category you can take your pick from is cute animal, like kitty cat. Again, make sure to be sensitive with your choice. A gerbil may be cute for you but she will probably find it offensive if you call her anything from the rat family.
